### You try

Answers will vary.

You are at school. Answer the following questions.

How do I get to the train station?

Go out of the school and... **turn left**. Go straight to the end of the road and turn left again. Then you will see the train line and the entrance to the station.

How do I get to the convenience store?

Return to the main road and go right. You will see the convenience store on your right after a little while.
