What are some of your favourite memories of travelling? Are they about the places you saw, the people you met or the food you tried? Describe some of your memories below.

Some of my favourite memories are of travelling with my children and grandchildren. Last year we went skiing and my grandchildren enjoyed playing in the powdery snow. They enjoyed making tall, round snowmen and throwing small snowballs at each other. When they tried on skis for the first time they walked like ducks – waddle, waddle, waddle.
